## **Matter 13 – Viability, Delivery, Monitoring and Contingency (CP47 and Monitoring Framework)**

13.1 Having regard to NPPF paragraph 174, has the likely cumulative impact of the plan's policies and standards, together with other local and nationally required standards, been adequately considered using appropriate available evidence? Is there evidence that the plan's policies and standards would not put implementation of the plan at serious risk and would facilitate development throughout the economic cycle?

13.2 Do policy CP47 and Appendix G (H?)(The Monitoring Framework) provide a sound basis for monitoring implementation of the Core Strategy and for taking appropriate action if implementation is not on track?

The policy lacks substance and appears to be almost an afterthought. The Monitoring Framework seems to be in Appendix H not G and is weak. It lacks real metrics and identifiable targets, making it likely to be ineffective.
