Q5. Please provide your comments below:

OPT would support the principles of a 'local green' space being secured and protected in perpetuity for the site. In principle we support the proposed modifications to Core Policy 8b (Mod. No. MM4), but would suggest that the policy text relating to the part of the site to be retained as parkland could be modified to:

Core Policy 8b: Dalton Barracks Strategic Allocation

"The site is removed from the Oxford Green Belt in accordance with Core Policy 13a. The site area, however contains an area of land that will remain within the Oxford Green Belt and any development on this area will be limited to Green Belt compatible development. This area will include an area of local green space (in accordance with the principles set out within government guidance notes) located on the western and northern sides of the site should be designated within the overall masterplan for the site and retained as such in perpetuity."

Q6. Would you like to comment on another Main Modification?

Q7. Please provide your comments below:

Following on from OPT's comments on proposed modification no. MM4 within the Schedule of Proposed Draft Main Modifications, the Trust would suggest that Policy Map and Figure 2.3 within the Schedule of Draft Maps and Figures should be modified to set out the area to be designated as local green space so this can form part of the subsequent master planning process.
