Dear Sir/madam

I would like to register my formal objection to the proposals contained in the LPP 2.

With reference to the Plan my objections are as follows:

8a/b: Whilst not objecting to development on the Dalton Barracks Site, I note that the travel sustainability plan for 1200 homes is not reliant upon the proposed park and ride at Lodge Hill but an improved route 4 bus service.

8a/b, 12a: I object to the siting of the proposed park and ride at Lodge Hill and suggest a park and ride at the A34/A415 junction would better meet the needs of a long term transport strategy as it would better service the science parks to the south of Oxford.

13a: The proposed bus and cycleways are not appropriate in an area of green belt land as their visual impact would be of considerable detriment to the environment.

I object to the safeguarding of land within Sunningwell parish for both the park and ride and bus/cycle routes as it is unsound. This should be removed from the plan and any future plan not brought forward without a comprehensive consultation with the local community.

I endorse the SPADE and Sunningwell Parish Council consultation responses.

Sheila Bury
