**Please make your comments on this Planning Policy or Site in the box below:**

**Plans for a northbound bus lane on A34 between Lodge Hill and Hinksey** [*land is also safeguarded for a single carriageway north-bound bus lane on the A34 between the Lodge Hill and Hinksey Interchanges. This will facilitate efficient access via sustainable public transport modes to Oxford from the A34 corridor to the south, Abingdon-on-Thames and the proposed new sustainable settlement on land at Dalton Barracks.*] Again, while a reasonable idea in principle, what land has been safeguarded for this? The land bordering that part of the A34 is valuable woodland, I would strongly object to this land being developed into carriageway
