Dear sir

Please find attached my comments regarding the plans.

Whilst I am not opposed to development, I am particularly keen that development are done in such a way that they will not adversely effect the existing communities. My concern is that the lack of infrastructure notably transport and education will disadvantage children in Abingdon in years to come.

I have tried to make use of your form, but found it particularly user unfriendly. I do hope you will still make use of my comments.

Thanks

Linda
