Infrastructure is a huge concern with already overstretched roads and schools and the timescale given to provide them in real terms, not matching the speed in which the developments could happen. We are told that the already very busy Dunmore Farm Road and Twelve acre drive will be able to sustain

the extra traffic that the 800 homes in North Abingdon alone will provide which is simply not true, it will only lead to yet more commuter chaos and does not take into account the issue of the Air Pollution in the area which already exceed the recommended safe levels and is ultimately where we are intending people to live, boarding both these roads and the A34.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

Q6 If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? No - I do not wish to participate at the oral examination
