**Q1 Do you consider the Local Plan is Legally Compliant?** Yes

**Q2 Do you consider the Local Plan is Sound (positively prepared, effective and Justified)** No

**If your comment(s) relate to a specific site within a core policy please select this from the drop down list.** N/A

If you think your comment relates to the DtC, this is about how we have worked with the Duty to Cooperate bodies (such as neighbouring planning authorities)

**Q3 Do you consider the Local Plan complies with the Duty to Co-operate?** Yes

**Q4 Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.**

The Plan has identified four development sites in the Green Belt to accommodate 1,510 houses, and two in the North Wessex Downs Area of Outstanding Natural Beauty (AONB). This leads to a total of

1,400 houses on undeveloped land, which threatens to undermine the rural character of the Vale. This proposal is unsound.

Under the Countryside and Rights of Way Act 2000 the Council has a statutory duty to have regard for the purposes for which the North Wessex Downs were designated an AONB, that is to conserve and enhance the natural beauty of the landscape.

The NPPF (paras 115 and 116) places AONBs in the highest category of landscape protection and affords them 'great weight' in the decision-making process. Further to this the NPPF confirms that AONBs are one location where restrictions apply to development and accordingly that: 'Planning permission should be refused for major developments in these designated areas except in **exceptional circumstances and where it can be demonstrated they are in the public interest**.'

There is no evidence to demonstrate exceptional circumstances, or that the allocations in the AONB are in the public interest.

In the various landscape assessments of the AONB sites, there is no evidence of 'great weight' being applied to AONB characteristics when evaluating the selection of sites.

**Q5 Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

Remove the Harwell Campus East site from the plan.

Limit the housing allocation at the north end of Harwell Campus to land within the existing campus, and remove the extension into greenfield land in East Hendred Parish.

**Please note** your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

**After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.**

**Q6 If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination?** No - I do not wish to participate at the oral examination
