Q4 Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

I have just read your plans for infrastructure improvements to support the 20,000 plus new homes in the area. You mention schools and roads but there is no specific mention of providing additional medical practices, doctors or hospital facilities, which must be of paramount importance? It is obvious that the medical facilities in this area are already overstretched, so what are the specific plans? What about using the increased revenue in rates?
