Subject: Consultation on draft Local Plan Part One 2031

Dear Sir,

Further to my submission yesterday in respect of the consultation on the draft Local Plan Part One 2013, please receive below and include as a part of that submission an email and links provided today by the secretariat of the Parliamentary CLG Select Committee in connection with the workings of the NPPF and related matters. It is plain from Councillor Barber's evidence that the VWHDC Local Plan is based on a defective SHMA, and this has led to the very kind and numbers, quoted by Councillor Barber, of abusive applications for excessive development which the CLG so deplores.

Kind regards,

Simon Jenkins

Dear Mr Martin,

Please find below a link to written evidence submitted to the Committee by the Vale of the White Horse District Council, and the oral transcript of Cllr Barber's appearance before the Committee on 10 September.
