Dear Sirs,

As residents of Culham, we object to the plan of road improvement to the A415/Abingdon bypass for the following reasons:

1. environmental impact of road noise and congestion
2. visual impact - crossing the Thames as it would have to be raised to cross the flood plains
3. Disturbance to wildlife and aspect of the Thames Path and views of Abingdon
4. It should also be noted that there is no funding for this project and so potentially the 'map' could blight the village for many years without ever being implemented.

We do hope you consider these objections seriously in your deliberations.

Yours faithfully,

Rob and Nicole Kennedy
