5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

On one hand the proposed site of North Abingdon is claimed to be a suitable site because of existing services and facilities but on 5.10 new services and facilities will be delivered.

If new services and facilities are to be delivered the necessity to over develop in North Abingdon is removed as new services and facilities can be accommodated in other less built up new locations.

(continue on a separate sheet/expand box if necessary)

6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 5 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The Vale Local Plan is not sound as it claims on one hand to identify sites because of existing services and facilities and then states that new services and facilities can be delivered to new developments making the first claim invalid. The Plan needs to be modified to detail what services and facilities would be delivered to North Abingdon to preserve the effectiveness of the community.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination?

☐

No, I do not wish to participate at the oral examination

☒

Yes, I wish to participate at the oral examination

8. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary: ☐

I wish to participate at the oral examination as a resident and consider it necessary in order to challenge the Vale Local Plan 2031.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
