**Subject:** Removal of Green Belt in Wootton

We would like to register our objection at the proposed changes to green belt status in Wootton. The village has recently undergone considerable development with the building of new estates which has put significant pressure on the current infrastructure.

Any removal of the green belt status would no doubt result in the land becoming suitable for building upon which we feel would have a detrimental effect on the village structure and the facilities within.

We strongly urge you to reject this proposal.
