Action for blind people

18/12/14.

DEAR SIR,

I would like to protest most strongly about the councils plans to build many more houses on sites around Wootton and particularly Site 9 in Wootton village. Where further large amounts of traffic would bring chaos to the roads, trying to get on or off of the main road near impossible. particularly at school times with cars parked nose to tail for long stretches, & a job to get through. Green belt areas MUST stay green belt. This site would border my own property, cant imagine what that would be like. - Horrible, possible noise, lack of privacy ETC ETC NO SIR, NOT here in Wootton.

Yours Sincerely
