4.(2) Sound (Positively Prepared, Effective and Justified)	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>

Proposed use of Local Development Orders (LDOs) to speed up delivery on sites, including potentially the Harwell Oxford Campus.

The Harwell Oxford Campus is located entirely within the North Wessex Downs Area of Outstanding Natural Beauty. Although the campus itself established in 1946 is regarded as a brownfield site, any new development within the boundary of the site should still take into account its setting within the North Wessex Downs AONB and the impact it will have on the setting, particularly in terms of visual impacts, noise and light pollution.

Therefore, the appropriateness of using an LDO to speed up the delivery of commercial buildings within the North Wessex Downs AONB has got to be questioned.

(continue on a separate sheet/expand box if necessary)

6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 5 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Planning laws that take the setting of the North Wessex Downs AONB should still be maintained with regards to development within the Harwell Oxford Campus, and an LDO for the site should not be adopted. A key feature of the Campus and one that gives it an important differentiation from Milton Park is its rural location and this must be retained.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination?

☒

No, I do not wish to participate at the oral examination

☐

Yes, I wish to participate at the oral examination

8. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
