Inappropriate infrastructure

- The roads around Cumnor are already saturated & lots of traffic goes through the village to avoid the A40 and A34.
- The local school is already at full capacity
- The Doctor surgeries are too busy and patients are suffering of these consequences.
- Nothing has been engineered for a tripling or quadrupling of the population of the village.
- Consultation process has been very poor with not enough time to respond.
- The language in the forms is too technical and difficult for people to respond.
- The process and consultation are undemocratic.
