5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The Local Plan, CP2, discusses the need for the council to:

*Work jointly with all of the other Oxfordshire local authorities to address any unmet housing need. This will include assessing all reasonable spatial options, including the release of brown field land, the potential for new settlements and a full strategic review of the whole of the Oxford green belt. These issues are not for the Council to consider in isolation.*

The county is supportive of this intention but there is a need for an Oxfordshire wide approach which integrates housing provision, employment and infrastructure across the county to ensure coordinated and not piecemeal planning. This should be made explicit in the text to ensure the Plan complies with Duty to Cooperate.

6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 5 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

It is suggested that the plan text should be amended to make it more explicit about the need for an Oxfordshire-wide approach. This would ensure the Plan complies with Duty to Cooperate and should include the following:

*The Council will continue to work jointly with all of the other Oxfordshire local authorities to address any unmet housing need. This includes engaging in an Oxfordshire wide approach which integrates housing provision, employment and infrastructure across the county to ensure coordinated, not piecemeal, planning. This will include assessing all reasonable spatial options, including the release of brown field land, the potential for new settlements and a full strategic review of the whole of the Oxford green belt. These issues are not for the Council to consider in isolation.*

*Should the outcome of joint working result in an element of unmet need being met within the Vale, the impact and infrastructure to support that growth would need to be looked at in combination with what has already been planned for in the district.*

**Please note** your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

**After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.**

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination?

☐

**No**, I do not wish to participate at the oral examination

☒

**Yes**, I wish to participate at the oral examination

8. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

The county council will deliver key items of infrastructure that will be needed to support growth.

**Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
