Core Policy 7: Providing Supporting Infrastructure and Services 2.4.18 Core Policy 7 (CP7) requires all new development to provide for the necessary on site and, where appropriate, off site infrastructure requirements arising from the proposal. Development proposals must demonstrate that full regard has been had to the Infrastructure Delivery Plan. The Freeholder has no objection to policy CP7 and support the Council's efforts via CP7 to ensure that infrastructure and new development are delivered in a timely and coherent fashion. Policy CP7 is considered sound.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

Q6 If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Yes - I wish to participate at the oral examination
