Status	Submitted
Submission Type	Email
Version	0.2
Q1 Do you consider the Local Plan is Legally Compliant?	No
Q2 Do you consider the Local Plan is Sound (positively prepared, effective and Justified)	No
If your comment(s) relate to a specific site within a core policy please select this from the drop down list.	N/A

**Q4 Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.**

- there is no proactive Plan to increase renewable and low-carbon generation, as opposed to encouraging schemes by supporting planning applications for renewable and low carbon energy generation. The Local Plan should place a requirement on developers to include renewable or lower carbon technologies in new homes, such as solar PV, solar hot-water heating, ground source heating, and community CHP.
