> In this section it says that the overarching purposes of the green belt will be protected yet in the green belt review there is a proposal to take Plot 17, the triangular field bordering the Peachcroft Estate, Twelve Acre Drive and Radley Road out of the green belt despite the fact that there is a covenant and a legal agreement made between the the former land owner and Radley College in the first case, and

between the Council and Radley College in the latter, to make sure that the land stays permanently free from development. This land should not be taken out of the green belt when it is serves the true purpose of the green belt in stopping the coalescence of Radley and Abingdon. It will be even more important when the strategic site of North West Radley is built on.
