Further comment: Please use this space to provide further comment on the relevant questions in this form. **You must state which question your comment relates to.**

The bus services available on the A420 and A415 are very limited and even if improved the availability of jobs within reasonable reach of public transport is very limited and the majority of people living in the proposed new houses will be dependent on cars.

The proposed new roundabout on the A420 will add to congestion and create another bottleneck which will lead to increased levels of traffic rat-running through Netherton, Fyfield and Tubney. The proposed new road through the development connecting with the A415 will not improve the rat-running situation as it will create another bottleneck on the A415 and the traffic will still have to negotiate the extremely inefficient traffic light junction at the A415 / A338 crossing which already causes great congestion.
