### Sharing your personal details

Please be aware that, due to the process of having an Independent Examination, a name and means of contact is required for your representation to be considered. Respondent details and representations will be forwarded to the Inspector carrying out the examination of the Local Plan after the Publicity Period has ended. This data will be managed by a Programme Officer who acts as the point of contact between the council and the Inspector and respondents and the Inspector.

**Representations cannot be treated as confidential and will be published on our website alongside your name.** If you are responding as an individual rather than a company or organisation, we will not publish your contact details (email / postal address and telephone numbers) or signatures online, however the original representations are available for public viewing at our council office by prior appointment. All representations and related documents will be held by Vale of White Horse District Council for a period of 6 months after the Local Plan is adopted.

## **VALE OF WHITE HORSE LOCAL PLAN 2031 PART 2**

### **CONSULTATION**

This Local Plan Part 2 includes the construction of 130 dwellings in East Hanney. These are divided into 80 north of Ashfields Lane and 50 north of Steventon Road. Strong opposition is contained in this document against the proposal in the Plan for the 80 north of Ashfield Lane in particular. However, many of the points made are relevant to the smaller development.

#### **North of Ashfields Lane (80 Dwellings)**

I list here my concerns, objections and observed changes that are taking place in and around East Hanney.

A major concern is flooding. As a resident of Ashfields Lane for nearly 40 years I have seen the 2007 and 2011 floods at first hand around my home. Flooded fields and in particular the one identified for the 80 houses have been witnessed and photographed over the years. Building on this land means that the water must go somewhere else. As the new houses will be elevated to avoid flooding, it is the older properties in Ashfields and Ebbs Lane that will be more vulnerable.

The development will also add to the congested approach to the village. Ashfields Lane is essentially single lane and the main access to the limited village facilities along Main Street has largely become that as well. Unavoidable kerbside parking has caused this. The approach to the village hall, community shop and part time Post Office is also limited by the single lane at the Upper Mill Bridge and the subsequent narrow section. As the school is over a mile away from the site, there will be a significant increase in school traffic adding to the congestion which will bring additional safety issues.

On a more cosmetic note, we are losing our village identity in every way. More housing on the periphery of the village will accelerate this.

The A338 is over used by all vehicles. The source is not only from south of us but from diversions from the A34. This is sometimes as a result of accidents but seems to be more frequent due to road maintenance. This is often at night and the heavy trucks cause great noise pollution and cause buildings to shake. Air pollution is a great concern to us as well as losing the peace and tranquillity over recent years. The A338 is the access and entry route to East Hanney. It is already difficult. Further development will only make it worse.
