Question 5 cont'd

Further comment: Please use this space to provide further comment on the relevant questions in this form. **You must state which question your comment relates to.**

to demonstrate the traffic flows on A420. This key road is already at capacity and it is dangerous and impossible to cross. There is a constant stream of HGVs, vans and cars that make it a hazard to cross the road at the bus stop. To avoid crossing the road, we make an additional bus journey to Southmoor and wait 20-30 minutes for a return bus to drop us on the correct side of the road. At 80+ this matters.

In conclusion, this is not the "excellent public transport connectivity" that is claimed, and with an additional 600-700 new homes, bringing 600-1000+ more cars, the transport infrastructure can only get worse.
