The inspectors report on LLP1 said that major developments next to Harwell Campus were unsound and were recommended for deletion from the local plan. It stated that ‘the need for development of sites 12 and 13 for housing has not been demonstrated and, having regard to the potential for mitigation it would be likely to cause some harm to the landscape of the AONB and the recreational opportunities it offers’.

It was made clear that the total of 1400 houses within the AONB “Would be a major development which the NPPF indicates should be refused in an AONB other than in exceptional circumstances and where it can be demonstrated it is in the public interest”

I feel it is unlikely that such circumstances exist and so I feel plans for houses on sites 12 and 13 are not soundly based.

Strong objections for sites 12 and 13 were put forward in March 2015 under Core Policy 4 mainly due to density of the development which has been seen to be the largest housing development ever proposed within an AONB. In CPRE’s latest article ‘Beyond Betrayed’ they say that “our calculations showed that these schemes (brownfield AONB development) had been planned at a density of just 16 dwellings per hectare (dph). When brownfield sites are built out at a national average of 37 (dph) this constitutes an incredibly inefficient use of land- particularly in nationally important landscapes.” The plans propose about 60 dwellings per hectare which would compromise quality of life and are quite frankly ridiculous. They make the statement “attractive living Environment (paragraph 2.107-108) completely redundant.

We should use more cost effective land outside of AONB’s and think of the local public interest and that of the whole country.

6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the matter you have identified at 5 above. (NB Please note that any non-compliance with the duty to cooperate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The Plans are against the public's interest as shown by previous objections, and are not in the AONB/UK interest. It would also fail against the recommendations of the NPPF. The site with so much character, history and beauty does not lend itself to any development let alone such a densely packed housing estate.

“Attractive living Environment” should be removed due to the fact that the development will be so densely populated.

‘The need for development of sites 12 and 13 have not been demonstrated and it would be likely to cause some harm to the landscape of the AONB and the recreational opportunities it offers.’ This would be a more truthful statement to reflect the inspectors report.

I consider the modification necessary would be to completely remove this site for housing from the LPP2.
