

20 NOV 2017

Dear Sir,

I am writing to add my name to those complaining about the idea of building too fences on land between Kingsta Begpuzze and Flyfield.

The A 420 is already full of traffic during the rush hours, the Tubney sat sum would become impossible with cars waiting to get onto the A 420 or across the A 338. Equally if I go over to the A 415 in order to get to the A 34 that

would make the problems in Hardham
even worse than they are now - surely you
would not let that happen!

600 houses will probably mean 800
or more cars, the roads simply cannot
accommodate such numbers. I can only
think no one has been out in person at
8 am and 5 pm to see the situation.

Yours truly,

(MRS S.A. SPURGEON)
