If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the Duty to Cooperate, please also use this box to set out your comments.

The Dalton Barracks plan relies on the #4 bus route for transport links, but the revision removed areas with immediate access to the #4 in favour of areas likely to cause car traffic instead. Whitecross will be adversely hit with no upside.

6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the matter you have identified at 5 above. (NB Please note that any non-compliance with the duty to cooperate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Whitecross and the farms to the south should be prioritised for expansion over areas which are completely undeveloped, since people along this route can more easily walk to a bus stop. Whitecross will also benefit from more inclusion in the growing community, rather than be shut out as-is.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
