Reference CREY01 V161, CREY02 V162 & CREY03 V184 proposed sites for sites for new dwellings. I am against the building of a potentially large number of new dwellings on the following basis; The increase in volume of road traffic and negative potential impact to road traffic and pedestrian safety. The lack of local schools, shops, public house and other amenities. The negative impact on the Area of Natural Beauty. The negative impact to the adjacent Childrey Conservation Area. The potential adverse impact to the setting of the village and it's listed buildings. In my opinion only the development to the area to the south of West Street deserves consideration however the added traffic past the school needs to be acknowledged on terms of safety.
