Please states in the box below the Planning Policy or Site reference you are commenting on.	Chalgrove Airfield

Please make your comments on this Planning Policy or Site in the box below:

Chalgrove Airfield is unsuitable because of the infrastructure costs. The moving of the b480 would be a disaster to Chalgrove village and all the through traffic. Chalgrove High Street would become a rat run for all the cars/lorries not wanting to go through the new development

It is going to cause chaos to the area where we already have new developments. Please re-consider this site for other uses. We need a new cemetery as we are running out of room. We also need league playing fields for our wonderful Cavaliers foot ball team. Our local shops would suffer dramatically and they have been there for years ... destroying local business is a terrible thing to do.

Our wildlife and environment would suffer terribly. The need to build to meet Oxford's need should be more suited to Grenable Road site. The millions of pounds it will cost to move a working airfield, create new roads and infrastructure would be best spent elsewhere. Also Martin Baker test ejection seating using dynamite ... is this going to be a safe place considering things do sometimes go wrong.

Please set out what change(s) you consider necessary. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

You say you support Neighbourhood Plans that are in progress currently and not allow for planning to proceed until the Plan has completed
