4. Do you consider the Local Plan is: *(Please tick as appropriate)*

4. (1) Legally compliant

Yes

No

4. (2) Sound

4. (3) Complies with the Duty to Cooperate

Yes

No

5. Please provide details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the Duty to Cooperate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the Duty to Cooperate, please also use this box to set out your comments.

Paragraphs 2.45 and 2.46 are **unjustified** because their references to site KBA_G ('the Fyfield site') are faulty:

1. The site is in open countryside in Fyfield not Kingston Bagpuize and para 2.45 should be addressing the implications of the development for Fyfield
2. The description of KBS as a sustainable village has been invalidated by its enforced doubling of size in the last 5 years without any improvement in the infrastructure: it is becoming a ribbon-developed, car-dependent, dormitory conurbation for commuters.
3. Paragraph 2.46 is vacuous planner-speak. However much the frequency of bus services is improved, the absence of jobs within reasonable reach by public transport is tiny (as shown in the Oxfordshire Growth Board review in 2016) and the vast majority of workers living in the proposed new houses will be dependent on cars to get to work. The A420 is already seriously over capacity at peak hours (as shown in the Fyfield and Tubney representations and the development will harm the quality of life of existing users of the road.

The lack of justification for the way the paragraphs are written makes them **unsound** as a basis for allocating the Fyfield site for development.

6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the matter you have identified at 5 above. (NB Please note that any non-compliance with the duty to cooperate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

1. Acknowledge the damage done to the sustainability of KBS by the overdevelopment to date
2. Recognise the location of the site as Fyfield not KBS and discuss the damage to the community in noise, light and environmental pollution and reduced quality of life
3. Drop the absurd and misleading enthusiasm for improved public transport and recognise that the development will add several hundred cars at peak hours to already over capacity roads without any prospect of mitigation
4. Drop the Fyfield site from the list of allocations

(Continue on page 4 /expand box if necessary)

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
