If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the Duty to Cooperate, please also use this box to set out your comments.

4.(2) Soundness - This proposal reduces a good golf course which is a huge part of the social fabric of the area to a virtually unviable commercial venture. The area of land taken from the course would lead to the loss of membership, as it would no longer be a 'proper' golf course, and unable to attract interaction with other clubs to hold competitions. Development of junior members would be highly limited. Ultimately, being drained of resources a local business giving employment and social outlet would cease to be.

(Continue on page 4 /expand box if necessary)

6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the matter you have identified at 5 above. (NB Please note that any non-compliance with the duty to cooperate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

As stated in 4, the loss of two holes of any golf course is disastrous. In the case of Drayton Park it would be catastrophic. By moving the access south of the presently proposed offslip, holes nine and ten would be preserved and the course would remain viable

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination?
