Far too much green belt land is going to be used for housing. I think that a lot of people are not aware of how much land will be taken out of the green belt and leave it open to development. The plan was

not widely publicised for the first consultation and that is where the loss of the green belt land was shown more clearly. I understand a green belt review can be done as part of a local plan but the loss of the green belt land around the north of Abingdon is excessive. It should be kept as valuable farm land.
