Sites around Cumnor have been marked for removal of green belt status even though earlier review stated that the land surrounding Cumnor was not suitable for development. Removing greenbelt status serves no purpose other than to make an easier future pathway to development. The greenbelt status of the land around Cumnor should remain.

Of particular concern, site 24 is a parcel of land on crest of hill surrounded on 3 sides by open countryside. Only the shorter side is adjacent to existing dwelling and road so the land does not represent an area enclosed by existing dwellings. Any future development would have a high visible impact due to location and geography and divide country side impacting habitat significantly

The area itself is highly valued by the community for unbroken views across countryside to Wytham woods and used by many. Rather than removal of greenbelt status it would actually be suitable for further protection

In addition it is high quality farm land upon which any development should be avoided

6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 5 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Exclude from the plan the change of greenbelt status to the land surrounding Cumnor

**Please note** your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

**After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.**
