Q3 Do you consider the Local Plan complies with the Duty to Co-operate?	No
Q4 Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.	Cumnor and the surrounding area do not have the appropriate infrastructure to cope with such a huge increase in the number of suggested houses. The road transport system in the village cannot be enlarged due to the nature of the village, the A34 is already overwhelmed and the junction in Botley

to get on to the A34 blocks due to the weight of traffic. The slip roads onto the A34 are far too short, as I am sure the police would confirm. The proposed entry and exit points to sites 4 and 5 are unrealistic, it is already unsafe driving past the school in the morning. Both the local schools and GP surgery cannot cope. The infrastructure issues need to be resolved before the housing stock is increased

Q5 Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Reassessment, by impartial experts, reviews of the Green Belt.

Reexamination of the ability of the current infrastructure to cope with an increased stock of houses, and how to improve the infrastructure to achieve this if at all.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

**Q6 If your representation is seeking a modification, No - I do not wish to participate at the oral examination
