Cumnor is a small, self contained village with old fashioned narrow streets (already arranged as a one way system). Development of areas of Green Belt within the village 'perimeter' would give rise to unmanageable traffic problems within the village and present unreasonable risks to pedestrians including school children. The A34 (which will be used for travel to Harwell, site of anticipated jobs) is already saturated for much of the day. Furthermore the village school is full (as are other accessible educational facilities).

(continue on a separate sheet/expand box if necessary)

6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 5 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The plan should be rejected.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination?
