5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The text within Paragraph 6.107 is currently not aligned to Oxfordshire County Council's strategy for Minerals and Waste and has therefore not been Positively Prepared.

6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 5 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

To ensure that the Plan has been Positively Prepared and complies with Oxfordshire County Council's strategy for Minerals and Waste Paragraph 6.107 should be amended as follows:

*Oxfordshire County Council is responsible for determining planning applications for minerals and waste development and producing the **Minerals and Waste Local Plan**, which will safeguard **mineral resources, aggregate rail depots, sites for recycled and secondary aggregate supply, other minerals infrastructure sites and waste management sites**. These areas will be marked on the Adopted Policies Map for reference. Should the district receive a planning application in any of these areas, the County Council will be consulted on the development. Applicants are advised to review the **Minerals and Waste Local Plan** prior to making a planning application.*

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination?

☐

No, I do not wish to participate at the oral examination

☒

Yes, I wish to participate at the oral examination

8. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

The county council will deliver key items of infrastructure that will be needed to support growth.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
