4. There is a lack of appropriate infrastructure to support the Plan as outlined. I cannot see how public services and infrastructure, such as the road network, which are already over-stretched in many places can possibly be improved within the timescales to meet such a great increase in demand. I do not believe that the District will be able to cope with this level of growth and I am very concerned about the impact it will have on the environment and the countryside. I therefore believe the Plan as it currently stands to be ineffective and unsound.
