4.(2) Sound (Positively Prepared, Effective and Justified)

No

4 (3) Complies with the Duty to co-operate

Please mark as appropriate.

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

See separate sheet.

6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 5 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Under the heading 'access and highways', the first bullet point should state instead ***“Facilitate the proposed Harwell Link Road”***, on the understanding that this is a strategic link road that should be funded by all future developments and forms part of the wider transport strategy for Science Vale UK.

The fourth and fifth bullet points applicable to access and highways should state that the provision and/or connections to footpaths, cycle tracks, roads and bus routes is subject to land control.

These alterations would help to make the wording of the template more effective and consistent with national policy relating to sustainable and deliverable developments, and would also bring it more in line with Core Policy 17 of the Publication Plan with respect to facilitating and making contributions towards the provision of the Harwell Link Road.

(Our previous representations to the Council's Housing delivery Update, Consultation Draft February 2014, remain valid where we have made representations to this effect previously).

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination?

☐

No, I do not wish to participate at the oral examination

☒

Yes, I wish to participate at the oral examination

8. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

We represent the promoters of this site and it is important that we are able to explain the work that we have undertaken on capacity testing.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
