If your comment(s) relate to a specific site within a core policy please select this from the drop down list.	North of Abingdon-on-Thames

Q4 Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The open high land to the north of Abingdon currently forms an attractive gateway to the town and is important. The land north of Dunmore Road has an attractive open aspect backed by trees. The view over this land is very important to residents of North Abingdon. Part of the wooded area at the back is ancient woodland containing Blake Oak. This is immediately outside the boundary of the North Abingdon development and would be impacted by it. Thus the land meets point i), iii) and v) in Core Policy 44 and should be protected.

Q5 Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Core Policy 44 should be respected in all parts of the Plan.
