

Dear Sir or Madam

Attached are seven pages of your forms with my comments on the above.

I have tried to conform to your rules but I am not sure if I have succeeded. I do know that there is a lot of opposition to the plan and the way it was assembled and apparently changed. In particular, there seems to be a lot of doubt about the five sites in Cumnor - are they or are they not scheduled to have their Green Belt status removed? And is this against Government policy?

Could you please acknowledge safe receipt of my work? Thank you.
