

i am writing to voice my concerns at the intention to delist the land on Lamborough hill (between Wootton & Abingdon - opposite Matthews Way) from Green Belt.

The views across to Boars Hill are magnificent and it would be a absolute disaster to block these views

The traffic on the road between Wootton and Abingdon is already terrible - particularly at rush hours - and the extra traffic would make access from Matthews Way and Home Close near impossible

There are other sites in the area which could be used to make up the 200 houses - if indeed these prove to be needed

Yours faithfully
