Dear Sirs

**Green Belt Review – Phase 2 Report – Appleton - Area 25**

I write as the owner of South Lawn, Netherton Road, Appleton. OX13 5JX in relation to the recent consultation which included Area 25 of which two areas are owned by me: ie the field directly north of Pond Farm and the other area north of South Lawn.

I do not agree that this area is suitable for development mainly owing to lack of any reasonable access as Badswell Lane is too small and already overloaded. In addition this is an area which should be protected from development and this proposal should be therefore strongly resisted.

Yours faithfully

Richard Dick
