Subject: Objection to the North Abingdon Plan

Dear Sirs

I'm afraid I am not sufficiently sure of the facts to object on any legal grounds, but having read the submissions and papers by the North Abingdon Local Plan Group I agree with many of their findings. Of particular concern is the attack on the Green Belt, the impact on traffic which is already appalling in Abingdon and the Air Pollution. Although I understand the need for additional housing, I feel that some housing could be allowed, but not anything like the scale proposed which effectively eats up the entire green belt North of Abingdon and joins us almost to Oxford.

I am sorry this is not on the official form, but I am rather late in sending in this objection. Suffice to say that the NALPG have done a terrific job in producing excellent papers against the Plan and I wholeheartedly support their objection.

Yours faithfully

Marian Dreier
