Dear Sir/Madam

Please can I registered my distress at discovering that changes to the Green belt close to were I live are being considered with a view to develop that area. Area 23 on the attached map is a beautiful area enjoyed by all the villagers of Wootton and Dry Sandford. To change its status from Green Belt would be a great lost to the Community on so many levels. The impact on small village roads, educational facilities, water, sewage, waste, policing and amenities would put a strain on all the present residence of the area. The communities of Dry Sandford and Wootton enjoy the open vista of the beautiful views and rural setting that has existed for hundreds of years. Please don't destroy it!!!

Kindest Regards

Jenny
