Recommendation

To move land south of Sandford Lane, as shown on the attached map, from Radley parish into Kennington parish

Justification

The land in question is largely formed from an industrial estate that is accessed via Sandford Lane, most of which (including the entrance) sits in Kennington parish already. Traffic to and from the industrial estate affects properties on the north side of Sandford Lane, all of which are in Kennington parish. Moving this land into Kennington parish will improve effective and convenient representation of local residents at parish level.
