LPP2 Main Modifications and their Impact on Shippon and Development on Daltons Barracks & Airfield/Greenbelt

Q5. Please provide your comments below:

Shippon is a small historic village within in the greenbelt and should remain so. The greenbelt is there to protect the countryside, wildlife, birds, ecosystems, trees, hedges etc - NOT TO BE BUILT ON. How much more of Oxfordshire's countryside needs to be taken up by development? Where ever you drive in Oxfordshire there are new sprawling developments & individual large houses being built. Is all this development really necessary? & will they all be lived in? The consequences on the environment are enormous.

As for the development at Dalton Barracks starting to be developed at the Southern end and taking our greenbelt land is very short sighted. Yes there is access to the Dalton Barracks off Barrow Road but it is a very busy road especially at school times and trying to get out of Rookery Close via Elm Tree Walk is near on impossible as it's used as a rat run. The road infrastructure definitely needs to be changed along Barrow Road and Faringdon Road joining the A415, this is a real bottle neck at certain times of the day and trying to right off the A415 to Faringdon Road is near impossible sometimes and extremely dangerous.

As for the development going to happen at the bottom of my garden a definite buffer zone needs to be incorporated on the greenbelt land between us and the new builds, keeping Shippon a SMALL village.
S Parsons
