**Subject:** Objection to the Vale Local Plan Part 2

Dear sir/madam,

I wish to object to the proposed developments as outlined below:

8a/b/12a:

The park and ride proposed for Lodge Hill would be better sited where the demand for its use will be in the future, that is near the Dalton Barracks development. The plan to use the 4/4B bus if implemented would require buses/cars to travel through already crowded roads to get to the Lodge Hill site.

If the park and ride is situated at Lodge Hill there is likely to be an increase in traffic through the very narrow lanes which pass through Sunningwell and Bayworth and I can predict there will almost certainly be accidents and injuries if this goes ahead. School children and local people use these lanes to walk to catch the bus at Whitecross and the Oxford Road since the bus service was cancelled and the increased traffic will increase the risk of them being run-over.

13a:

The proposal to build a bus and cycleway through unspoilt Green Belt would spoil the rural setting of the village of Sunningwell and views across to Boars Hill.

Consequently, I object to the safeguarding of land in Sunningwell Parish for bus and cycleways and the Park and Ride because it is unsound. They should be removed from the plan and future plans discussed with the local community and landowners.

Kind Regards  
John Miller
