Q5. Please provide your comments below:

I am surprised to see that Shippon has been included in the Green Belt insertion. This is contrary to the principles of the Green Belt and indeed to Vale Policy NE 10 reference, the requirement to provide green gaps between settlements.

As it is the Dalton Barracks area has more than enough space in which to build 1200 houses. , without creating a continuous settlement by including Shippon in the insert and thereby undermining the historic settlement.

It is interesting that the Vale proposes the inclusion of a Parkland of some size in the development yet fails to ensure that there is a green buffer between the proposed development and Shippon.

There are no exceptional circumstances why the removal of Shippon and a buffer area around it, from the Green Belt should be permitted.

The historic village and a buffer zone should be inserted in LP 2.
