Q5. Please provide your comments below:

Shippon is described as a small village and is currently in protected Green Belt. I am staggered to find that the revised plan (LPP2) is now proposing to extend Shippon to being a large village and taking it out of the Green Belt by a development of 1200 homes there. This goes against LPP1.

I am staggered simply because with so much previously developed land at Dalton Barracks being made available there is a perfect opportunity to create a new village separate from all existing settlements so there is absolutely no need to disturb and spoil the tranquil village of Shippon. Since the future plan is, I believe, to extend development to nearer 5000 new homes then it seems to me that creating a new village (which I believe was the original intention) is a much more sensible option. (The new village starting with 1200 homes could easily be extended to 5000 and be retained as a new settlement in its own right.) I fear that by extending Shippon, any future plan might then consider adding a further 4000 homes to the new development absorbing other small settlements into one huge conglomeration in the process.

I also think this plan is flawed in that the surmise is that Dalton Barracks will close in 2029 and the military personnel will have moved on. That is not yet confirmed and it should be realised that many of the servicemen living in Shippon are actually not based at Dalton Barracks.

I urge the inspector to ask the Vale to reconsider this proposal and to create a new village as originally intended.
