Subject: Vale CIL Consultation

Categories: [REDACTED]

Hi,

Thank you for the opportunity to comment on these two consultations.

The Infrastructure and Development Team will respond separately on the Draft Developer Contributions Supplementary Planning Document (SPD), this response relates solely to the Draft CIL charging schedule.

Only one observation has been identified in response to this draft document:

- Page 7, Table 1 - The proposed CIL rates should make it clearer that these charges are per square metre

Regards
