In order to build this major development, there will need to be changes to the local and ring roads. These will cost much more than the community infrastructure levy. Any changes to Dunmore Road are to be funded by the county council, but their budget is being constantly cut, meaning they are unlikely to have the money to do this. There is a proposal that the A34 interchange could be part funded by the LEP, but this is not guaranteed, and without this, the majority of traffic will be forced to go through Abingdon to reach the A34 south, making a bad situation worse. In essence, there is not the money available to make the infrastructure changes necessary, and as such that should make this development unsuitable and unsustainable.
