SO 10 : Maintain and improve the natural environment including biodiversity, landscape, Green Infrastructure and waterways. Unsound Abingdon is seperated from the A34 by this green belt. This

development will remove the green belt and drastically worsen the natural environment surrounding it. This green belt forms a natural habitat for red kites, skylarks and bats, all of which will be destroyed. We will also lose the valuable farmland that makes up the proposed development area, and the natural amenity of the countryside will be removed.
